YOUNG PARENT SUPPORT PROGRAMME

What is the Young Parent Support Programme?

The YPSP is a confidential support programme for young people up to 24 years, in Carlow and Kilkenny who are pregnant or are parents. The programme also offers support to the young person's partner and extended families.

How does it work?

A Project Worker who will respect your confidentiality, will meet you on a one-to-one basis (or with someone else if you wish) while you or the mother of your baby is pregnant, and for 3 years after the birth of your baby. You can discuss your concerns and needs with the project worker who will support you in whatever way is possible.

The Project Worker can meet you in your home, the YPSP office or at another location of your choice.

What kind of supports?

This will depend on what you need. It may be:

- information about how to take care of yourself and your baby
- support with being a parent
- information on your child's development
- information about accommodation
- information on your welfare rights and entitlements
- information on your rights as the baby's father or mother
- information and advice about child-care
- support to remain in education or training - if that is your choice
- support to return to education or training
- linking you with other young parents.

The Project Worker will know the other services in your area and, if you wish, can speak to them on your behalf.

How can I make contact with the YPSP?

You may contact the Programme directly at **059 9138700** or via mobile-see back (if perhaps you wish to remain anonymous).

Alternatively you can complete the attached Application Form and return it to the address at the back of this leaflet.

This YPSP Carlow/Kilkenny is part of the National Young Parents Support Programme, run in partnership with TUSLA and St Catherine's Community Services Centre, Carlow.

There is no charge for this service.
